TED Lectures Note-taking Activity

Directions: First listen to the lecture and take notes. Then using your notes, you will answer the following questions.

1. Why do some people feel religions are responsible for population growth?
2. What are the predictions for the number of babies by 2100?
3. Is there a connection between wealth and the number of babies a couple has?
4. What percent of the world's countries have 2 babies per woman?
5. List 2 of the 4 things a country needs to have a lower birth rate?
6. If the number of children is going down, why will the population rise to 10 billion?
7. What does the speaker conclude about the connection between religion and population growth?
