

A Second Opinion on Learning Disorders

Aditi Shankardass

059

TED Lectures Note-taking Activity

Directions: First listen to the lecture and take notes. Then using your notes, you will answer the following questions.

1. What kind of scientist is Ms. Shankardass?
2. How common are development disorders?
3. Where do these disorders originate?
4. How are they commonly diagnosed?
5. What part of the body does an EEG scan?
6. Was Jason Senegal suffering from autism?
7. How many days did it take for his vocabulary to go from 2 – 3 words to 300 words?
8. What percentage of children diagnosed with autism are suffering from hidden brain seizures?
